## Foreword by Hon'ble Minister of Industries & Commerce, ITE&C, Municipal Administration & Urban Development, Government of Telangana

The Micro, Small and Medium Enterprises (MSMEs) sector is a major contributor to the socio-economic development of the country. In order to support and encourage the spirit of entrepreneurship, Government of Telangana and Government of India have formulated various schemes benefiting individual enterprise as well as cluster level actors. The compendium of schemes for MSMEs is an initiative to compile all such schemes and present it to the MSME stakeholders in the state to create awareness and encourage effective utilization of such schemes.

After formation of Telangana, the first step the Government took towards realizing the grand vision of Bangaru Telangana was the new Industrial Policy, which grew around the philosophy of *"Innovate, Incubate, Incorporate"* in Telangana, thus crystallizing the Government's investor-friendly, pro-entrepreneur outlook. From the *"Minimum-Governance, Maximum-Facilitation"*, to the linear procedural structure, that not only keeps in mind material progress but also the environment and sustainability, the Industrial Policy is crafted to usher a new era of investments and ventures in the State of Telangana. The TS-iPASS Clearance System ensuring self-certification and automatic approvals was created to lend a distinct investment-magnet advantage to the Telangana State.

Various schemes of Government of Telangana including the Industrial Policy, TS-iPASS, T-IDEA, T-PRIDE, Incentive Policies have been included for the benefit of the MSMEs in the State. The compendium also contains various Government of India and SIDBI schemes which are individual as well as cluster centric.

I hope the MSME stakeholders will benefit immensely from this compendium and become partners in growth of the state as well as the nation.

**K. T. Rama Rao**

Hon'ble Minister of Industries & Commerce, ITE&C,  
Municipal Administration & Urban Development,  
Government of Telangana

**Small Industries Development Bank of India (SIDBI)**, established under an Act of Parliament in 1990, acts as the Principal Financial Institution for Promotion, Financing and Development of the Micro, Small and Medium Enterprise (MSME) sector as well as for co-ordination of functions of institutions engaged in similar activities. In the context of the changing MSME lending landscape, the role of SIDBI has been realigned through adoption of SIDBI Vision 2.0 which envisages an integrated credit and development support role of the Bank by being a thought leader, adopting a credit-plus approach, creating a multiplier effect and serving as an aggregator in MSME space.
